

## Technical data

### Engine identification

- ▲ The engine code -arrow- ("engine code" and "production number") are located on the left side, on the cylinder head.

In addition, a sticker containing "engine code" and "production number" is placed on the cylinder head.

The engine identification consists of up to nine characters (alphanumeric). The first portion (maximum 3 characters) represents the "engine code", the second portion (six characters) represents the serial number. If more than 999 999 engines were produced under the same code, the first of the six characters is replaced with a letter.

The engine code is also included on the vehicle data plate.

#### **Note:**

- ▲ *The engine code (arrow) is also stamped in at the front of the engine lifting eye (visible after removing cover above fuel injectors).*

## Engine specifications

Code letters	AUG	AWM
Manufactured	05.00 ➤10.00	11.00 ➤
Displacement                  Liters	1.8	1.8
Output                          kw @ RPM	110/5700	125/5900
Torque                          Nm @ RPM	210/1750 - 4600	225/1950 - 5000
Bore                              diameter mm	81.0	81.0
Stroke                            mm	86.4	86.4
Compression ratio	9.3	9.3
RON	95 unleaded	95 unleaded
Fuel injection	Motronic ME7.5	Motronic ME7.5
Ignition	Motronic ME7.5	Motronic ME7.5
Emissions limits according to	ULEV	ULEV
E-gas system	Yes	Yes
Knock sensor control	Yes	Yes
On Board Diagnostic (OBD)	Yes	Yes
Oxygen sensor control	Yes	Yes
Catalytic converter	Yes	Yes
Exhaust Gas Recirculation (EGR)	No	No

<b>Code letters</b>	<b>AUG</b>	<b>AWM</b>
Camshaft adjustment	Yes	Yes
Turbocharger	Yes	Yes
Secondary Air Injection (AIR) system	Yes	Yes
